PROGRAMMES IN BLUE are accredited in foreign languages and the respective institutions will offer them in academic year 2019/20, with lectures in English and all necessary support services for foreign students.

PROGRAMMES IN RED are not only accredited and offered like the programmes in blue, but also have a tradition of welcoming foreign degree students.

PROGRAMMES IN GREY

are also accredited in foreign languages, but the institutions do not guarantee that all lectures will be offered completely in English in the next academic year. Instead, there might be some lectures in Serbian, with additional support services (such as individual sessions, consultations with teaching staff, etc.) provided for foreign students.
